## INSURGENTS PUT STRENGTH BEHIND SUBSTITUTE BILL

Strayed Republicans to Join  
Fold to Support Long-  
worth Bill

### BILL PASSAGE CERTAIN

President Retains Opinion on  
Latest Move on Income  
Tax Solution

(By the Associated Press)  
WASHINGTON, Feb. 29.—House Republican insurgents formally agreed today to support the Republican compromise for the Democratic income tax rates in the revenue bill. Representative Nelson, leader of the group, said practically all of the 17 insurgents who voted for the Garner plan would support the substitute to be offered by Representative Longworth, Ohio, Republican leader.

Reunion of the Republican forces, leaders said, would force reconsideration of the Garner rates on final vote this afternoon.

While the house leaders were in consultation there were indications at the White House that President Coolidge might be preparing to publicly set forth his attitude towards the compromise.

Some weeks ago some of those close to the president predicted that he might veto a compromise measure that departed materially from the schedules of the Mellon plan.

Reports of the latest compromise negotiations were carried to the White House yesterday by representatives who talked with the president on the subject but received no definite assurance that the Longworth plan will be acceptable to him.

**Auto Tire Tax Cut.**  
In completing consideration of the excise tax section Thursday, reductions involving \$23,000,000 loss in revenues were voted on the automobile taxes, the three percent tax on automobile trucks and wagons, the chassis of which sells for \$1,000 or less, being repealed and the 5 per cent tax on automobile tires, parts and accessories being cut in half.

The stamp tax on drafts or checks and promissory notes, amounting to 2 cents, for each \$108 value, also was repealed, while the 8 cent tax on each pack of playing cards was increased to 10 cents.

**Other Amendments Beaten.**  
Several other amendments seeking to impose new special taxes or cut further those in the bill were defeated, including an attempt of Representative Fairchild, republican New York, to eliminate entirely the 5 percent tax on jewelry. All articles selling for less than \$42 and watches for less than \$60 had been exempted from the tax by action of the committee.

The total miscellaneous tax reductions allowed as a result of committee and house action now involves about \$120,000,000 in revenue. Completion of reading of the section gave automatic approval to the ways and means committee action in repealing the tax on telegraph and telephone messages, on soft drink beverages and on numerous other articles.

**Million in Bonded  
Booze Taken From  
Chicago Warehouse**

(By the Associated Press)  
CHICAGO, Feb. 29.—Eight thousand cases of bonded whiskey valued at \$1,000,000 have vanished from the federal concentration depot at Sibley Warehouse and Storage Co. here, according to a copyright news story in the Chicago Herald and Examiner.

Withdrawal of the whiskey from the government supervised warehouse in which the accumulation of liquor was among the largest in the country, was accomplished by forged or raised permits for medicinal whiskey, the newspaper says. All withdrawal records of the company are said to have vanished. A sweeping investigation has been ordered by Roy A. Haynes, prohibition commissioner, according to the newspaper.

**Over Million Turned  
In for Payments of  
Auto Tag License**

(By the Associated Press)  
OKLAHOMA CITY, Feb. 29.—Cullen Bates, chief clerk of the state highway department, today deposited with the state treasurer \$1,020,000 received for auto license fees this month. The amount was more than \$300,000 greater than ever before taken in by the department in one month, according to Paul Nesbitt, highway commissioner.

Today was the last day on which motorists could drive without licenses and not be subject to arrest and the corridors of the department were packed with last minute applicants.

## "DID IT FOR MY COUNTRY," PLEADS LUDENDORFF, ON TRIAL FOR TREASON

General Erich Ludendorff with Adolf Hitler.

The man who was called during the great war "the brains of the German army," General Erich Ludendorff, is on trial for his life in Munich, Bavaria, with Adolf Hitler, leader of the Bavarian fascists. They are charged with high treason for their part in the short-lived "Beer Revolt" of last November. "I only wanted to do for Germany what Mussolini did for Italy," is the defense of Ludendorff, who declares he was decorated with the double iron cross.

## City in Peace After Brawl

All is quiet in the city now that Sampson Sealey, Indian, is convalescing in the city jail.

Following the upheaval in the city police department as a result of Sealey being drunk and very forcibly resisting arrest by officers, the guardians of the law are again pacing the streets in their watchful care of its peace and security.

Sampson, a giant Indian, proved indignant when told that he was under arrest for over consumption of corn whiskey and strenuously objected to being placed in the city bastille.

With the aid of several other members of the department, Sampson was transported bodily through inquiring throngs to the city jail where he was allowed to voice his objections through the bars of his cell.

Sealey's incarceration was further continued when he failed to meet the costs of his alleged frolic, two charges totaling \$18.75 each.

**Disappointment in  
Love Caused Death  
Of Gotham Actress**

(By the Associated Press)  
NEW YORK, Feb. 29.—Disappointment in love besides literary and theatrical failures caused Valerie Ekleson Martin, 25, to kill herself in her mother's Riverside Drive apartment yesterday, it was learned today.

Miss Martin was said to have killed herself less than an hour after she had returned from a gay supper party with two men, one of them a former Red Cross captain and married, with whom she was deeply in love. The girl met the captain at a hospital where she had gone to read to wounded soldiers. He was reported to have told the girl at their last meeting a few hours before she returned home and killed herself that he expected his wife to divorce him but that he proposed never to marry again.

## IMPEACHMENT CHARGES SLATED FOR SENATE

(By the Associated Press)  
OKLAHOMA CITY, Feb. 29.—Impeachment charges against John A. Whitehurst, president of the state board of agriculture, probably will be filed before the state senate late today, it was indicated in the house of representatives at the morning session.

The following were named as a board of managers to prosecute the charges: Representative Wren, Muskogee; Berry, Muskogee; Otjeo, Garfield; Varnum, Seminole and Tolbert, Kiowa.

Speaker McBeck became active in the movement to ask Gov. Trapp to open the way for the legislature to provide for runoff primaries in Oklahoma. The governor has indicated his opposition to such a law in answer to a request by Representative Elam of Osage. Elam already has such a bill to put before the house providing for the runoff election but it cannot be considered until authorized by the governor, the law declaring that the governor shall designate matters to be considered at a special legislative session.

**Three Men Held  
In Chicago Jail  
On Murder Charge**

(By the Associated Press)  
CHICAGO, Feb. 29.—Three men are in jail charged with the murder or complicity in the slaying of John Duffy whose body was found in a roadside snow bank last Friday several hours before that of his wife was found in their apartment.

Those held are William Engelke, who told police he was present when Duffy killed his wife during a quarrel on February 20, last night re-enacted the shooting as he told it in the apartment house where her body was found, Carl Hein, a friend of Engelke, and Julian Kaufman, said by Engelke to have furnished the automobile in which Duffy was to make his escape.

## PALMER EXPLAINS HIS CONNECTIONS IN TEAPOT MIXUP

Former Attorney General  
Claims He Did Not Serve  
In Fall Affair

### HIS ADVICE ASKED

Claims He Received No Fees  
From Doheny or Aid  
Of Sinclair

(By the Associated Press)  
WASHINGTON, Feb. 29.—A. Mitchell Palmer, attorney general in the Wilson administration, testified before the oil committee today regarding the circumstances of his retention as attorney for Edward B. McLean, publisher of the Washington Post.

He denied that John W. Zevely, counsel for Harry F. Sinclair, is his law partner, as suggested in a McLean telegram.

He added, however, that Zevely "is an old friend of mine," and had outlined to him a couple of months ago the salient facts in the oil inquiry.

Zevely asked his opinion, he said as to whether Sinclair and Fall could be compelled to answer questions before the committee. Palmer gave it as his opinion that they could.

Palmer said he had not "seen Fall for years" and denied he was looking after the interests of the "man at Wardman Park" as suggested by John F. Major in one of the telegrams to McLean at Palm Beach.

**Denies Telegram Content.**  
"I did not take up this matter with Senator Underwood," Palmer said when asked about the report sent McLean that he had done so.

He also denied that he had discussed the matter with any senator except Walsh of Montana and Chairman Lenroot.

"I did not have a living soul ask me to work on Senator Walsh," Palmer said when questioned about another of Major's telegrams to McLean.

He denied that he had ever represented E. L. Doheny and said with a smile "I rather regret that considering the size of the fees he paid."

Palmer said that so far as he knew no suggestion had been made to McLean as to what he was to say in explaining that he did not make a loan to Fall.

## WARREN TO SUCCEED KENNEMER AS JUSTICE

(By the Associated Press)  
OKLAHOMA CITY, Feb. 29.—Frank L. Warren, Holdenville attorney, will be named to succeed Justice F. E. Kennemer when the latter's resignation from the state supreme court becomes effective, it was announced today at the office of Gov. M. E. Trapp. Justice Kennemer's resignation is expected to follow receipt of the confirmation of his appointment as judge of the new federal district court in eastern Oklahoma.

Warren has the endorsement of all the Republican leaders in Oklahoma, it was said by the governor's secretary.

Warren has lived at Holdenville since 1900 and served in the state senate from 1910 to 1914. He is a member of the law firm of Warren, Miller & Crutcher. C. W. Miller, another member of the firm, is state representative from Hughes county.

Warren was a candidate in the last election for the district judgeship in his district.

Judge Kennemer said today his resignation probably would take effect next Tuesday as he had opinions on hand that could not be completed until then.

## Couldn't Happen in Georgia!

(By the Associated Press)  
NEW YORK, Feb. 29.—James C. Thomas, negro assistant district attorney, was unable to rent an apartment in the part of the city where he desired to live with his wife and infant son, so he purchased a \$200,000 seven-story modern apartment house, he announced today.

It is occupied by white families and is three blocks from the nearest section of the Harlem "black belt."

Thomas said he would make no change in the tenant list. He said he paid \$30,000 on the purchase price of the house. He declared that negroes are coming to New York by thousands and predicted that the Harlem "black belt" soon would absorb large sections of apartments now occupied by white families.

## McKenzie Bill for Muscle Shoals Bid To Be Voted Soon

(By the Associated Press)  
WASHINGTON, Feb. 29.—The McKenzie bill providing for the acceptance of Henry Ford's offer for Muscle Shoals will be taken up Tuesday by the house under an agreement reached today.

The rules committee adopted a resolution giving the measure priority over general legislation after the disposition of the tax bill. Chairman Snell said general debate would be limited to 10 hours and would get under way Tuesday afternoon.

Representative McKenzie, Republican, Illinois, author of the bill, predicted a final vote before the end of next week. He expressed confidence that the measure would be passed without material changes.

## TRAPP LAUNCHES DEMOCRACY PLEA AFTER ELECTION

Governor Declares Election of  
Davidson Insures Demo-  
cratic Victory

### CLAIMS PARTY UNION

Defends His Approval of Con-  
didacy of Tulsa Man  
For Chairmanship

(By the Associated Press)  
OKLAHOMA CITY, Feb. 29.—A statement issued here by Gov. Trapp today declared that the election last night of R. L. Davidson of Tulsa as chairman of the Democratic state central committee "insures Democratic victory this fall."

"Supported as he was by all sections of the state and elected as he was on the first ballot, his selection as chairman will unite and solidify all elements of the party," the governor said.

"Davidson conducted a clean campaign and his election is likewise an endorsement of fair play and good sportsmanship. No man deserves to win a victory on the demerits of his opponents or those of his opponent's supporters."

"The position taken by me in this election was assumed with reluctance, then only when I became convinced the party welfare demanded that my attitude be made public."

"I played a small part in this committee campaign and election, however, and to the county chairman and vice-chairmen from the eighth congressional districts all credit is due for the wise and popular selection. The party and state can well be proud of Bob Davidson."

The committee last night adopted a resolution lauding Gov. Trapp's administration. It brought out large cheers when presented to the convention.

Davidson was elected last night over Ed M. Semans, incumbent, Oklahoma City; W. T. Bowling, Okmulgee; and Kirby Fitzpatrick, Ardmore. The first vote was Davidson, 86 1/2; Semans, 42 1/2; Fitzpatrick, 7; Bowling, 4. Upon Semans' suggestion the election was made unanimous.

A meeting of the executive committee of the state central committee was scheduled for today.

**OKLAHOMA CITY—Mrs. O. H. Catkyk of Forgan, Beaver county, was unanimously elected vice-chairman and Hugh Harold of Hughes county was unanimously elected secretary-treasurer, their election being by acclamation with no opposition.**

The committee adopted an amendment to the party constitution providing that hereafter the vice-chairman shall have a voice with the chairman in the matter of party policies and finances; that the vice chairman shall join the chairman in signing a call for a committee meeting; that when the vice chairman is a woman she shall have control of the woman's organizations.

**"Free" Conventions Assured.**  
Resolutions adopted had provided for this amendment of the committee constitution and also provided for a change in the party constitution to "assure a free primary convention of the democratic party" and further provided that steps be taken to abrogate the disorder and confusion which prevailed Thursday afternoon by barring the "intrusion of outsiders from the discussions of the committee."

A section in the resolution barring the officers of the committee from presiding if they are candidates for chairman of the temporary organization, was withdrawn from the resolutions without a vote.

Just before adjournment at midnight, after having been in session since 3:20 in the afternoon, the committee voted to have the primary election for delegates to the county conventions held April 22; the county conventions to be held April 29, and the state convention to be held in this city May 6.

**Small Counties Recognized.**  
The executive committee was directed to work out the details of representation to the state convention with instructions to provide that the smallest county in the state shall have at least four votes in the state convention.

Davidson announced there will be a meeting of the executive committee here Friday, but had not determined the hour of meeting at midnight.

Davidson's victory over Semans, the election of Mrs. Catkyk as vice-chairman and the change in the constitution of the party to give the vice-chairman more power was a distinct victory for the women, an analysis of the vote reveals. In every county where there was a split vote the vote of the vice chairman, that is the woman, was given to Davidson while in a majority of the counties Davidson got not only the chairman, but the vice-chairman and where the chairman of the county was a woman Davidson got that also.

## Shriners Desert Camels for Airplane

C. N. Jewett, potentate of India Temple, and Leslie H. Swan, recorder of India Temple, in their airplane which will bring them to the Shrine dance at Ada.

Even the jogging camel must make way for the sway of Modernism, which accounts for the scheduled arrival of Leslie H. Swan and C. N. Jewett, high Shrine officials, here at 4 o'clock this afternoon in their airplane to be guests of the Pontotoc County Shrine Club at their informal dance tonight.

The flight to Ada for the Shrine dance tonight is considered the first pilgrimage by airplane to any Shrine festivity ever held in the state.

Linked with Shrinedom, the novelty and would-be novice pictures the long caravan of camels moving slowly across the sands to an oasis in the distance but not so with these

high Shrine officials, who jump in their airplane and in a few minutes land in Ada to receive the hospitality of Ada Shriners.

While Swan and Jewett will be the central figures at the Shrine dance tonight, six counties in this section of the state will send Nobles to feast on the hospitality of Ada Shriners.

According to the entertainment committee of the Shrine Club, all arrangements have been completed for the frolic tonight. The basement rooms of the Convention Hall have been decorated to a height of efficiency and all other plans of entertainments have been arranged for.

While the visitors are being entertained, Pontotoc county Shriners will spread propaganda of designation of Delphi Temple at Ada and invite those who care to share the sponsoring of the move to line up with the local club.

## KLAN ISSUE GETS IN INDIANA VOTE

### Hoosier State to Split on Klan Question in Election

Indianapolis, Feb. 29.—The Ku Klux Klan issue in this state will have a bearing on the contests for state offices at the primary May 6, with certain gubernatorial candidates on both the Republican and Democratic tickets coming out openly as opposed to the Klan; others keeping a significant silence on the issue, and with at least one candidate generally known to have the whole-hearted support of the followers of the fiery cross.

In addition to this issue reduction of taxes, the bonus, elimination of unnecessary state offices, relief for the farmers, more local self government and a general policy of economy are urged in the various platforms.

At the present time, with five Democrats and five Republicans having announced their candidacy for governor and two others reported to be preparing to enter the contest, the presidential primary between President Coolidge and United States Senator Hiram Johnson is creating little interest. The Democrats will have no presidential candidates on their ticket, it is stated.

Democratic candidates who have announced for governor are Dr. Carleton B. McCulloch of Indianapolis, Joseph M. Gravens of Madison, Dale J. Crittenger of Anderson, Charles S. Batt of Terre Haute, and George R. Durgan of Lafayette. Henry A. Barnhart of Rochester is expected to announce his candidacy within a short time.

Mr. Durgan is the only Democratic candidate for the executive position who has come out with a statement that he is opposed to the Ku Klux Klan.

The men who have announced themselves as candidates for the Republican nomination for governor are Edward C. Toner of Anderson, Edgar Bush of Salem, Mayor Lew Shank of Indianapolis, Mayor Ora Davis of Terre Haute, and Edward Jackson, present secretary of state. Mr. Davis announces he will oppose the Klan.

A large number of Republican party leaders will be found supporting President Coolidge in his campaign in this state. John Mooreman, northern Indiana Republican leader, will be back of Hiram Johnson.

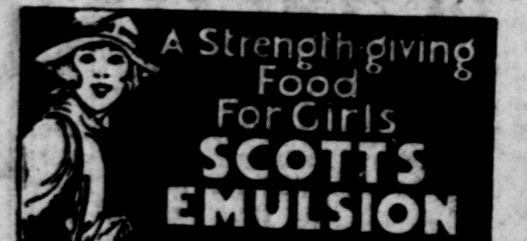

Five Democrats who now are serving in congress at Washington have re-entered the fight to retain their places. They are William E. Wilson of Evansville, First District; Arthur Greenwood, Washington, Second District; Frank Gardner, Scottsboro, Third District; Harry C. Canfield, Batesville, Fourth District; and Samuel E. Cook of Huntington, Eleventh District.

Seven Republican congressmen have announced their candidacy for re-nomination. They are R. N. Elliott, Connorsville, Sixth District; Merrill Moores, Indianapolis, Seventh District; Albert Vestal, Anderson, Eighth District; Fred Purnell, Attica, Ninth District; Will R. Wood, Lafayette, Tenth District; L. M. Fairfield, Angola, Twelfth District; and A. J. Hickey, Laporte, Thirteenth District.

A feature of the primary this year will be the entry of Miss Julia Landers, Indianapolis, as a candidate for the Democratic nomination for congress from the Seventh District. She is the first woman in Indiana to be a candidate for such an office, and the only woman to convention in the same city June announce to date as a candidate for any office.

The Republican state convention will be held at Indianapolis May 21 and 22, and the Democratic state 4 and 5.

## The Fugitive and Cupid

By JOHN PALMER

(© 1923, Western Newspaper Union.)

"OH, WHO IS IT?"

Nan, in the house alone opened the door timidly an inch, and recoiled to see the man who was standing outside. Unshaven, haggard with bloodshot eyes, he looked terrible to her.

And she did not need his words to know he was Dick Sitwell, the outlaw, sought through a dozen counties, for whose apprehension her father, the sheriff, and her betrothed, Dan McGudgeon, were even now leading a posse into the hills.

"You've got to shelter me. It's my last chance. They'll get me. They're all around the town. I broke through. Will you hide me?"

Pity for the man, a victim like her self, of fate, stirred in the girl. "Come in," she said.

She hid him in the attic, behind the old partition. "I'll bring you food," she said.

The sheriff and Dan returned unsuccessful that night, swearing and cursing.

"We'll get him," said the sheriff. "He ain't far away."

"Reckon some one's hidin' him," said Dan.

"Nobody durst," said Nan's father. "He's layin' up in the crick. At dawn we'll start agen and scour the country."

When her father was snoring Nan crept upstairs with a loaf of bread and some milk. The man ate ravenously.

"I heard what they were saying," "You are safe here," the girl breathed.

She watched the ravenous way he ate, she pitied him. "Tell me you didn't do anything like—like what they said you did," she pleaded.

"It ain't true, not a word of it. I never see the old woman they said I killed and robbed. Girl, I killed a man two years ago. There was a girl, I was to have married her. I came home, found he'd betrayed and abandoned her. I went after him and shot him like the hound he was."

"His father was a rich man, and he swore he'd get me. They paid the girl to disappear. They chased me two years through the mountains. Every crime that was done they put on me—said Bill Deever did it. But I never done nothin' but that, and I'm glad of it."

"And so am I!" whispered the girl fiercely. "You did right!"

"What made you take me in?" he asked, when he had finished eating, looking at her curiously.

"Because I knew that they were hounding you," answered the girl. "They'll hound every one who gives them the chance. Men are a pack of wolves."

"Nobody's houndin' you?" "Listen, then. Dan McGudgeon—I'm to marry him next month. He's got a mortgage on this house—that's why. My father is bartering me as if I were a piece of property, to cancel the mortgage. If I refuse to marry him the home is lost."

"Sho, that ain't right," muttered Deever. "Why you let him do it?"

"What can I do? How can I help it? I'm helpless here. I've nobody in the world but father. I can't do anything to earn my living, except look after a home. But don't worry yourself about me. I guess it will be safe for you to leave in half an hour or so. What will you do?"

"Why, I got two horses tied in the jackpines up the crick. They haven't found 'em, I guess. I'd gone away to look out from a bill, and they cut me off. Reckon I'll find them there."

"And then?" "Then I'll git away. I can make the pass by mornin', and once on the ranges, why Bill Deever'll be forgotten."

She sighed. "But I'll always think of you, girl." He saw the tears start to her eyes, and a sudden wild thought came to him.

"Why shouldn't you come along?" he asked. "No, listen. I guess you and me's both up against it. Let's laugh at 'em. Come along with me, and we'll be married and settle down homesteadin' in Oregon. There's land there, and we'll start life fresh—what say, girl?"

She hesitated. She thought of Dan McGudgeon, and her father. She listened to his snores in the room beneath. And suddenly the new life of promise seemed to shine before her.

"Oh, I'll come—I'll come," she answered.

And hand in hand they stole down the stairs and into the starlight.

A Cold Reception. "There's a gentleman to see you, ma'am," said the new maid.

"You haven't left him in the hall, have you?" asked the mistress.

"Bless yer, no, ma'am. He's waitin' outside on the steps all right, an' I took good care to shut the door, too, before I come to tell yer."

Music Not Needed. "What can we do to improve the present method of dancing?" thundered the parson. "Dancing is mere hugging set to music."

"We might cut out the music," suggested a bad young man.

## MISSOURI TAKES LEGISLATIVE CAKE

### More State Legislators From Missouri Than Any Other State

(By the Associated Press)  
OKLAHOMA CITY, Okla., Feb. 29.—Missouri has supplied the greatest number of legislators in the present session of the Oklahoma legislature.

According to the book of rules issued by the house, 14 members of that body were born in Missouri and five of the senators first saw the light in the "Show Me" state.

Ten house members were born in Arkansas and one senator. Oklahoma has nine native sons in the house and four in the senate. Texas supplied as many house members as Oklahoma and gave three to the upper body.

There are four women in the legislature: Mrs. Anna Laskey, Oklahoma City; Mrs. Lulu D. Anderson, Creek county, and Mrs. Edith Mitchell, Payne county, in the house and Mrs. L. Looney in the senate. Mrs. Looney is from Hollis, Harmon county.

J. Woody Dixon, Love county, and J. M. Thompson, Garvin county, students at the University of Oklahoma, are the youngest members of the lower house. They are 23 years old. Courtland M. Feunay, Chandler, and H. N. Langley, Pryor, both 32, are the "babies" of the senate.

Senator Jack Barker of El Reno is the oldest member of this legislature. He has reached the proverbial "Three score and ten." Henry R. King of Tillman county is the dean of the house, being just one year younger than Senator Barker.

There are more farmers in the house than representatives of any other profession, trades or business, while the lawyers are in the ascendancy in the senate. Thirty-two of the lower house members are farmers and nine in the senate.

In the house there are 21 lawyers and 27 of the senate are followers of Blackstone.

Practically all professions and trades are represented in the house including one dentist, one physician, one druggist, one funeral director and three editors. There is but one representative of organized railroad workers. Ira M. Finley of Beckham county who is also the president of the state federation of labor.

Of the three women in the house Mrs. Mitchell and Mrs. Anderson are listed among the occupational sections of the rules book as "housewives." Mrs. Laskey is a farmer.

Mrs. Looney is the business women's representative of the session.

## Resolution Asks Audit of Books Of Land Official

(By the Associated Press)  
OKLAHOMA CITY, Feb. 29.—A resolution charging discrepancies in the report of W. A. Durant, secretary of the commissioner of the state land office, and demanding that an audit of the commissioner's office be made and a report submitted to Governor Trapp and the tenth legislature was introduced today in the state senate by C. B. Leedy of Arnett.

Leedy declared that no audit of the school land accounts has been made since 1911. He said that Durant in reporting \$1,800,000 as the total of delinquencies failed to consider the law providing for the forfeiture of all rights to state school lands when the delinquencies extend over two years.

There are more than three million insects accommodated in his department and now he has been placed in a quandary because he cannot find accommodation for an additional batch of 17,000 beetles which has just been sent him.

To people who doubt that there are so many beetles in existence, Dr. Gahan points out that there are roughly 200,000 species, of which the museum has on an average ten specimens of each.

"Some of the beetles are 150 years old—or 150 dead," said Dr. Gahan. "They appear to be as good as ever and look as if they will last for another 150 years, although we use no preservative."

Brown's Barn Burned.

Miss Mary Katherine Campbell, twice proclaimed America's greatest beauty and crowned Miss America at the Atlantic City beauty pageant, has taken TANLAC, and endorses it in a statement recently given. Miss Campbell was winner of the national beauty contest in 1922 and again in 1923, and what she has to say about beauty and good health will be of interest to women everywhere.

Health is the basis of all true beauty, according to Miss America who advises women who would be beautiful to "first find good health."

Her complete statement as given is as follows "I consider it a great privilege to be able to tell the thousands of women everywhere what a great tonic TANLAC is. Health is the basis of all beauty. Without good health, one is apt to be run down, nervous, underweight, high-strung, anemic. Indigestion

drives the roses from a woman's cheeks and robs her of that radiant quality of womanhood that is real beauty."

"I have taken TANLAC and I do not hesitate to say that it is a wonderful health-giving tonic. It has brought relief and good health to many women, and with good health one may have a measure of beauty that will overcome shortcomings in face and figure."

"Rosy cheeks, sparkling eyes, a well-rounded figure, a lovable disposition, go hand in hand with good health. To those searching for beauty, I would say—'First of all, Find Good Health.' The TANLAC treatment has proven itself a boon to womanhood, and I recommend it."

Miss Campbell has written a booklet on Health and Beauty, which may be secured by writing International Proprietaries, Inc., Atlanta, Georgia.—Adv.

## ENHANCED LEGAL FEES FOR RICH ARE RAPID

WILKES-BARRE, Pa.—Declaring that "similar service has similar value for rich and poor alike," Judge Fuller of the common pleas court reduced an attorney's fee from the \$5,000 sought to \$1,000. Suit had been instituted for the collection of the \$5,000 fee for services and expenses in connection with the release of a client from a state institution. Before rendering its opinion the court obtained figures from other members of the bar and found that fees on such cases ranged from \$500 to \$900. After making the observation regarding similar service, the court said that "while the poor may be charged less, the rich should not be charged more than the service is reasonably worth, for this would be unethical and unprofessional. Nor can we doubt the value of freedom regained as a very material factor in this case, for on that standard, since the value of freedom like the value of life is beyond computation, the compensation of the attorney might easily lead to confiscation of the client's property although the services, as here, might involve no particular learning, skill, experience or difficulty."

Warner Brothers have just signed Marie Prevost to a new contract to cover a number of years. Both players have earned well-merited praise for their recent work in "The Marriage Circle." The Warners will produce twenty pictures during the coming year and it is their plan to star the two in books and plays suited to their personalities.

As all the world knows, Marie was one of the famous and not the least beautiful Mack Sennett bathing girls. She graduated from the ranks of slapstick comedy to more or less dramatic parts.

Just now she is playing "Rose" in "Rose of the Ghetto" for Grand-Asher.

Mary and Doug are leaving us for an extended trip abroad. In their absence their studios and equipment will be rented to various producers. Frank Woods is at work there now on a W. W. Hodgkinson release starring Dorothy Mackall. The picture has not yet been titled.

Mary Pickford's "Dorothy Vernon of Haddon Hall" is ready for its New York debut. Mary's lovers all over the country are anxiously awaiting the general release.

Maurice Tourneur is recovering from a minor operation. When he comes back from the hospital and Barbara LaMarr finishes "The Shooting of Dan McGrew," when Conway Tearle finishes his vacation and Mr. A. S. LeVino finishes the script, "The White Moth" will be screened at United Studios, California.

The motion picture industry honored Thomas Edison with a dinner at the Ritz-Carlton hotel in New York on his 77th birthday. Will H. Hays was toastmaster. Telegrams were received from President Coolidge, David Lloyd George, Charles Schwab, Senators Glass, Harrison and Pepper, and many other notables. In the speech written by Edison and read by George Kleine, he said: "I believe that the motion picture industry controls the most powerful instrument in the world for good or evil. Remember that you are the servants of the public and never let a desire for money or power prevent you from giving the public the best work of which you are capable."

Charles DeRoche is to play in Maurice Tourneur's "The White Horse" starring Barbara LaMarr and Conway Tearle.

## Heflin Fires as Daugherty From Letter Exposed

(By the Associated Press)

WASHINGTON, Feb. 29.—Senator Heflin, democrat, Alabama, told the senate today he would submit a letter by Attorney General Daugherty instructing a district attorney in the West not to prosecute a certain republican national committeeman. He said the letter contained the sentence: "He is our man."

Chairman Lenroot of the oil committee was challenged on the senate floor by Senator Heflin to summon William Boyce Thompson, New York banker, for questioning about a loan of \$3,500,000 which the Alabama senator said Thompson obtained in 1920 on a "dummy" note for use in the republican presidential campaign.

"William B. Thompson is a stock holder in the Sinclair oil companies," Senator Heflin said, and "Sinclair stock was used as collateral for that 'dummy' note."

## WOODWARD TAKES REINS OF LEAGUE

Served Young Democrats As Secretary; Turned Over Balance

(By the Associated Press)

OKMULGEE, Okla. Feb. 29.—From several generations of "Fighting democrats" has come the present head of the League of Young Democrats of Oklahoma—Guy H. Woodward, who recently was elected to that office at the Sulphur convention.

Woodward has been a member of the league several years and served last year as secretary-treasurer. He startled the Sulphur delegates by turning over the incoming secretary-treasurer resources of \$1,300 which evoked the remark from the floor that "he's the first to show a favorable balance."

"I hope to weld the league into a compact, militant organization of democracy," Woodward declared in a statement made since his election. "The league really is a preparatory school for democrats of Oklahoma and it is there they should learn the fundamentals and principles of their party. It also is the most valuable wing of the mother party and it is coming to be regarded as a most important section of Oklahoma democracy."

"We intend to make ourselves heard during the summer and fall at the counsel table of Oklahoma democrats and at the election booths." Woodward is a graduate of the University of Oklahoma, having received his bachelor of arts degree from that institution in 1917. He later received a degree of law from Columbia university in New York. As a student at the University of Oklahoma he affiliated with the League of Young Democrats and has attended the last four conventions of the organization.

He is a member of the Phi Delta Theta social fraternity and also of several honorary and law fraternities. He answered the call to the colors in 1918 and following the war became a member of the American Legion.

Woodward, short and stocky in stature, was introduced to the Sulphur convention as the "kewpie" of the democratic party. He has been practicing law here and was this week named assistant county

## BIBLE THOUGHT FOR TODAY

SEEK YE THE LORD while He may be found, call ye upon Him while He is near: let the wicked forsake his way, and the unrighteous man his his thoughts: and let him return unto the Lord, and He will have mercy upon him; and to our God, for He will abundantly pardon.—Isaiah 55:6, 7.

## TIME TO FORGET POLITICS

A scandal in government cannot be treated as a partisan political matter any more than a war can. The corruptionist is a public enemy, if anything a worse foe of his country than an foreign invader. Just what difference there is between the wealth privilege-seeker who uses the power of money to accomplish his ends, and the direct bribe-giver, can only be microscopic, but the strange thing is that men or great wealth, and great interests, seem to feel it is perfectly all right for them to influence legislation and to shape public policies in this way. That is a matter more vital to the country and its welfare than the navy's oil leases. The disease is more serious than its symptoms.

The corruptionist makes no distinction between Democrat or Republican. If an official is in position to serve a private interest and can be made to, nothing else matters. When it comes to prosecuting the corrupter of government the greatest service a Republican or a Democrat can render to his party is to forget about party lines or party advantage altogether and join hands with his political adversary in presenting a combined front to the enemy of all parties and of good government.—Capper's Weekly.

## PULLING TOGETHER

Although there was something of a row during the first part of the meeting of the Democratic state central committee at Oklahoma City, it ended peacefully enough with Ed Semans, defeated for another term as chairman accepting his defeat with a good grace and moving to make the election of R. L. Davidson unanimous. Semans showed himself a good loser and now the committee and all elements of the party should fall into line and make a united fight for a sweeping victory in November.

The party has gone through some turbulent times during the past two years, due to a large extent by the activity of the socialists who abandoned their own organization and came into the Democratic cap at once trying to make themselves masters of the whole works. This time with Davidson as leader there is no reason why an aggressive campaign should not be waged all along the line. It is not an easy task that Davidson has undertaken but our best wishes are with him, just as they would have been with any other chairman selected by the committee.

It is said that when Thomas A. Edison was a small boy he was sent away from school because the teacher thought he was too stupid to be worth teaching. He was considered the dumbest boy of the school but he is the only one who in after life was heard of by the world. History records a number of such case and when we look about us we see examples on all sides of plodders who have won out over their more brilliant companions. Generally the boy who promises most is passed in the race within a few years by one who had to dig out everything by hard work. The plodder realizing his own limitations puts forth the extra effort that the one with a more brilliant mind thinks unnecessary. Hard work is a most excellent substitute for brains anyway.

The British Labor party cabinet is avoiding the mistakes generally made by reform parties when elevated to power. It is the usual procedure to try to rush through their most radical planks and then go down in defeat because of their haste. Ramsey MacDonald and his cabinet are making haste slowly and studying their ground carefully before attempting to overturn everything and starting anew. This is the best method of gaining the confidence of the public and dispelling the fear of a revolutionary program. However, no one knows better than MacDonald that his government rests on a very insecure foundation which will crumble to nothing any time the liberals withdraw their support, hence the necessity of proceeding with caution.

The fellows who pleaded guilty at Tulsa to participating in a flogging party and who gave testimony against several others are having trouble in keeping out of the penitentiary. They were sentenced on their pleas of guilty but now they say the game is not being played according to promises, claiming that the attorney general's office promised them immunity. Now that an effort is being made to enforce the sentence and the walls and bars of the penitentiary are looming up before their troubled vision the sight is not particularly pleasing, hence the efforts to get a pardon. They think this is carrying a joke to far.

Some men go through life raking the hot chestnuts out of the fire for others without ever suspecting that they are only cat paws, even though they never get any of the chestnuts after they are raked from the fire.

## SOUTH DAKOTA IS CONTEST GROUND

Johnson to Claim Battle in South Dakota For Republican Support

(By the Associated Press)  
PIERRE, S. D., Feb. 29.—Endorsement of the present national administration and President Coolidge as against the candidacy of Hiram W. Johnson and the issue of individual preference between Governor W. H. McMaster and Senator Thomas I. Sterling, Republican candidates for the United States senate in the March 25th primary, hold chief interest of South Dakota voters in the early stage of the political campaign.

These two issues resulted from the action of the Republican state proposal meeting December 4 in choosing President Coolidge as its candidate for the presidency and Governor McMaster for the senate. Johnson subsequently entered as an independent and Sterling as a minority candidate.

Two chief issues between Governor McMaster and Senator Sterling were raised by the governor in his opening address at Highmore, February 4. He criticized the senator for his failure to openly ally himself with the so-called agricultural bloc at Washington and committed himself to the action if elected. He also attacked the senator on the question of adjusted compensation for ex-service men and declared in favor of this measure.

Agricultural relief is a dominant note in the national program of all parties in the state. A tariff readjustment more favorable toward farm products, reduced freight rates and the fostering of farmers' co-operative marketing associations made up prominent demands in the Republican proposal platform, while the same three points were set forth as paramount issues by the Democrats. Both parties gave unqualified endorsement to the Volstead act.

In relation to the tariff the Democrats demand absolute repeal of the Fordney-McCumber tariff act and a return to an independent and nonpolitical tariff commission.

The Farmer-Labor party adopted as its paramount national issue "public ownership of transportation, resources, and banking," while in state affairs they demanded a sweeping reduction in taxation and public expenditures, enactment of a workmen's insurance act, an adequate and just labor compensation law and an old age pension law.

Fusion between the non-Republican elements has become a development. An effort at complete fusion between the Democratic and Farmer-Labor groups failed at the proposal meeting. Pursuant to a resolution adopted by the Democrats, however, efforts have continued to bring about such an alliance.

The outcome of the primary election on March 25 is expected to throw much light on this movement.

## "LOVING LIES" STAR HAS VARIED CAREER

Monte Blue, leading star in Thompson Buchanan's Associated Authors film production of "Loving Lies," adapted from Peter B. Kyne's famous story, "The Harbor Bar," and coming next Saturday to the McSwain theatre, has had a varied and adventurous career covering the gamut of life's most hardy experiences. He has been a railroad engineer, a cow puncher, has served several years at sea and made his debut in pictures as an extra in D. W. Griffith's "Intolerance." His love for the out doors and adventure may be attributed in a great part to his heritage, for he is one-eighth Sioux and Cherokee Indian.

"Loving Lies" offers Mr. Blue one of the best roles of his meteoric career and with a strong supporting cast including such well known screen players as Joan Lowell, Evelyn Brent, Charles Gerrard, Tom Kennedy and Andrew Waldron, it is expected to become one of the dramatic successes of the theatrical season.

It is designed to establish closer relations between Germany and the nations speaking Portuguese, and contains many articles about Brazil and the opportunities there for emigrants from Germany.

are played each season, the coaches are the only persons capable of passing judgement on the players' ability. Coach Percy D. Godfrey, mentor of the Southeastern State Teachers College team, that is now tied with Southwestern Teachers College of Weatherford for the championship was announced his choice of the stellar performers on the basketball court this season.

Southwestern and Southeastern almost monopolize both all star teams, but this is expected when both teams were in a class by themselves during the season. Southwestern has ten victories with only one reverse to its credit, while the Durant Savages have thirteen wins to one defeat. Faudree, Northwestern; Johnson, East Central, and Danford, Oklahoma City College, are the only men on other teams to gain a place in this gathering of stars.

## DOWNING STREET SEAT OF BRITISH HISTORY

(By the Associated Press)

LONDON—Ramsay MacDonald is the 50th prime minister to take up his residence at 10 Downing street in the 189 years the building has been the official residence of the head of the government. The historic structure was the residence of Lord Litchfield until George I took possession of it. He presented it as the official residence in perpetuity of the first lord of the treasury.

Sir Robert Walpole was the first occupant, but several premiers did not live there, some preferring to live in their own private homes. However, all held their cabinet councils there and more history has been made in the council room at 10 Downing street than in any other building in the country. Downing street takes its name from Sir George Downing, a member of parliament in Cromwell's time.

After 2 o'clock the Latta and Colbert basketball teams played ball. Our girls won 20 to 7.

## A GOOD LAXATIVE

Black-Draught Recommended by an Illinois Lady, Who Says It Helps Her—"Fine for the Liver."

St. Elmo, Ill.—"I have used Black-Draught for three years," says Mrs. J. W. Boyd, a well-known member of this community. "I was visiting a friend who had used it for some time. I was in need of a laxative and I had a burning in my stomach. I was constipated. She gave me a dose of Black-Draught and it helped me, so I used it from then on. It certainly benefited me. I think it is fine for the liver, too. I am glad to recommend it to you."

"One day our pastor was visiting, and he said his system seemed clogged and asked me to give him something to take. I gave him Black-Draught. He was much pleased with the results and bought a package, himself."

Constipation forces the system to absorb poisons that should be thrown out, causing pain, discomfort and tending to undermine your health. Black-Draught helps to relieve this condition by acting on the bowels, and by regulating the liver when it is torpid, thus helping to drive out many poisons in an easy, natural way.

Don't take chances! At the first indication of constipation, take Black-Draught. Costs only a cent a dose.

Your local druggist, or dealer, sells Black-Draught. NO-153

Gladys Ray has re-entered high school after being absent on account of the illness of her mother.

## A TOUGH SITUATION

"My wife and four children were dependent on me for their living. My stomach and liver trouble of five years had made me despondent, as no medicine seemed to help me, and I was gradually wasting away. It was a tough situation. My cousin in Columbus wrote me about having taken Mayr's Wonderful Remedy and advised me to try it. I am now feeling better than for fifteen years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. "I first used your RESTORATIVE twenty years ago and experienced only the best results. Before using RESTORATIVE I had spent hundreds of dollars trying to relieve a nerve condition and ailments of the heart and stomach from which I suffered intensely. But Dr. Shoop's RESTORATIVE is not a quick remedy or a 'cure-all.' On the contrary, it is a wonderfully effective prescription, the result of Dr. Shoop's extensive experience with patients afflicted with nervous disorders and various complaints of the vital organs. ## SCHOOL NOTES

**Glenwood Notes.**  
There is a noticeable falling off of attendance in all the rooms, owing to the measles. We are hoping to have the pupils all in again as soon as possible as we will have to make a great effort to regain the time lost.

Buster Hought, Vera Bevels, Arlee McAnally and Leo Vanbuskirk are absent from the eighth grade on account of illness.

Ima Bevels, Alma Sotner, Leftoy Sawyer, Homer Myrick and Helen Hybarger, Willie Green, Carl Hufaker are absent from seventh grade on account of sickness in the home.

In spite of several defeats we feel that this year in basketball has been very successful. The only ward school that has been able to defeat us is Hayes, while we have beaten both Irving and Washington in practice games.

Like some of the other ward schools of the city we are entered in the class B tournament and intend to do our best against the high schools that compose that class.

The ward school tournament comes off next week and we intend to put forth our best efforts to "bring home the bacon."

We are organizing a light team of girls basketball for spring play. So far we have not been able to win many games owing to the bad weather for the out-doors court and the boys using the court in the basement.

We enjoyed assembly hour last Friday. The school had a five minutes sing-song. The chorus sang two numbers.

Rev. Blackburn was with us and made a very interesting address to the children.

Our Parent-Teachers association met on Friday, the 22nd. Mr. Nelson of the Teachers' College made a pleasing address on the subject "The value of ideals to the adolescent boy and girl."

The school rendered a short program of songs and readings in memory of George Washington's birthday, and the orchestra played two numbers. Refreshments consisting of doughnuts and coffee, were served. We are planning another play to be put on soon for the benefit of our athletics, and our music department.

The little folks had their weekly penny-party on Friday afternoon.

## WOMAN URGES SEX TO WIN ON OWN MERITS

(By the Associated Press)  
BERKELEY, Cal., Feb. 29.—Miss Ardella Pritchard, of Portland, Ore., national president of the Federation of Business and Professional women recently handed out some pungent advice.

"Quit talking about yourselves," she advised; "ask for recognition as citizens, not as women."

Among the opinions expressed by Miss Pritchard were:  
"No self-respecting business woman wants to be a liability any place any time."

"We have been told that women have not been great poets, great artists and musicians, but we know that for every great man that has been made some faithful woman has watched by his side, giving love, service and sacrifice."

"Never permit the flag of womanhood to trail in the dust. Carry your standard with colors unfurled."

"Let us never disappoint those who look to us for help and strength."

"Unless a girl makes good on her job in the business world, she cannot make good as a wife or a mother."

"Remember, always with head-work must go heart work. When we lose human sympathies, we lose a whole lot of the battle on the long way to success."

### ARTISTIC PHOTOGRAPHS EXHIBITED IN STOCKHOLM

STOCKHOLM.—Stockholm today is witnessing an interesting international exposition of photographic art in the Liljewach Art Galleries. According to the reviewers, American and English exhibitors are first in the lead, and compete for first place as regards technical merit and high artistic quality. The consensus of popular opinion so far seems to be that England will rank first.

The general impression of the exposition is that the world's camera artists are showing a great variety of artistic conception and surprising excellence in execution.

## FRANCE MAY FERTILIZE HER OWN WHEAT FIELDS

HAVRE.—The ministry of agriculture is concerned about the heavy buying of nitrate in Chili by the United States.

Before the war the European countries were the big buyers of Chilean nitrates, and the American market then was unimportant. Later the Americans have become large purchasers on account of the intense development of their agriculture. Last August the importation of nitrates into the United States reached 150,000 tons, according to the ministry, whereas in the corresponding month of 1922 it was only 42,000 tons. France, owing to the lack of nourishing compounds in the land, is obliged to import every year some millions of tons of grain. Each ton of nitrate sent to the United States represents about three tons of wheat which eventually will be sold to France, so that it would be preferable for the latter to buy the corresponding amount of nitrate.

Present exchange rates favor American buyers, and if French farmers are to hold their own against serious American competition they will have to employ a larger quantity of fertilizers in order to turn out bigger crops and by this means reduce the high cost of living.

## GERMANS STILL TALKING ABOUT WHO LOST WAR

(By the Associated Press)

BERLIN.—Arguments as to "who lost the war" have been one of the favorite indoor sports in Germany this winter. Discussions of this kind, for some reason, appear to have seized the press and public about the time cold weather began. It was the same last winter, but not to such an extent as this year. These arguments are heard in street cars and on trains, in the shops and cafes, and would seem to be more popular than playing Mah Jong in the United States. Nearly everyone has been accused at various times, from the sergeants in the trenches and the peasants in the fields to the former emperor and most of the men of his family.

The most recent member of the ex-royal family to be attacked and accused of being a slacker is Ernest August, former Duke of Brunswick, who married Princess Victoria Louise, August by inheritance retained the title of Duke of Brunswick and Lüneburg. He is accused by newspaper writers of having evaded service in the fighting lines and of having displayed pronounced pro-British tendencies.

Ernest, of course, denies all the charges brought against him, and his friends rally to his support. The arguments lead nowhere, and serve only to fill the press with the vehement letters of partisans.

The invention of dice is attributed to Palamedes, about 1244 B. C. Turkey sent 34,953 pairs of slippers to the United States last August.

## NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, B. P. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

## OIL NEWS

The Dixie Oil Company is preparing to drill an offset to the Gilbert-Clarke-Dixie well in section 28-3-4. With Valerius getting ready to drill two offsets this means the discovery well is to get three offsets, making the territory look like a regular oil field.

The leasing business, while not as strong as it was a few weeks ago, continues to keep the interest high.

Several wells just across the river in Seminole county are nearing the sand and operators are watching the developments there. The fact that the Wewoka field is coming south is taken as a good indication that there is pay sand all the way from Wewoka to the lower end of Pontotoc county.

DURANT.—A showing of gas and some oil has been found in the Patterson-Hoffman well on the Franklin farm in the northwest of the southwest quarter of Sec. 34-6-1e twelve miles west of Durant, according to reports received here today. The showing was found in a black shale formation, which was topped at 1100 feet and with the drill still in it at 1300 feet.

The 10-inch casing is froze at a total depth of 1300 feet and the operators are preparing to run the 8 1-4 casing to combat the caving formation.

A number of local men are interested in acreage in the territory of this well and it is sincerely hoped that a gusher can be brought in here.

Work is going on steadily on the Hanes company well, twelve miles northwest of Durant, with every indication that a good well will be brought in on this location.

Other locations, where wells are to be spudded in in a very short time are in section 11-6-9, five miles northeast of Durant, by E. T. Blakely, et al, and in the southeast of the northeast quarter of section 26-7-11e twenty miles southeast.

## LIMA GOVERNMENT TRIES TO SET UP CENSORSHIP

LIMA, Peru.—Juan Leguia, son of the president of Peru, recently figured in an assault upon the United States vice-consul here, Chauncey B. Wrightman. Not only the assault but the subsequent developments have greatly disturbed the American colony.

The government censor in the cable office intercepted a press account which had been regularly filed and ordered the message destroyed. The foreign ministry directed the correspondent to appear at the foreign office for censure, and explained that the government was censoring all incoming and outgoing cablegrams. To add to the trouble the government's daily paper, La Prensa, published a one-sided account of the episode under the heading, "A Deserved Lesson." While it gave no names, the individuals involved were well-known and the tone of La Prensa's article added insult to injury.

Vice-Consul Wrightman, who saw war service in France, entered a train at Ancon and with other Americans and was ordered out of a coach by Leguia who said it was reserved for his family, including a

of Durant. Preparations are practically completed for starting these tests.

sick child. He followed the vice-consul to the platform and struck him in the face, using derogatory remarks about Americans. The men were separated, Wrightman not returning the blow. The fact that the child subsequently died tempered the discussion of the episode, but La Prensa's article rekindled it.
